

TECHNICAL SESSIONS & ABSTRACTS

Schedule for PGS Technical Presentations and Posters at AAPG ICE 2017, London

MONDAY 16TH OCTOBER 2017

14:00-18:30 EXHIBITION HALL (POSTER)

Using a West Africa Depositional Sequence Framework to Uncover Pre-salt Prospectivity in the Underexplored Kwanza and Namibe Basins

Matt Tyrell* (PGS)

17:10 CAPITAL SUITE 4

Access Westralia: New insights into the Westralian SuperBasin of the Australian North West Shelf

Jenny Greenhalgh* (PGS), B. Cameron (PGS),
D. Rajeswaran (PGS) & T. Paten (PGS)

TUESDAY 17TH OCTOBER 2017

08:55 CAPITAL SUITE 7

Paleozoic frontier plays along the western flanks of the Northern North Sea rift system (UKCS) revealed by broadband seismic: the East Shetland Platform

Stefano Patruno* (PGS) & W. Ried (PGS)

09:50 CAPITAL SUITE 4

Potential for Near Field Exploration in the North Sea - Missed Sand Injectites

Mari Schjeldsoe Bergx* (PGS) & V. Lampart (PGS)

11:50 CAPITAL SUITE 4

Near field exploration: Broadband data enables lithology-fluid de-risking in North Sea Central Graben

Tim Bird (PGS)* & C. Reiser (PGS)

14:00-18:30 EXHIBITION HALL (POSTER)

Extracting the Full Value of CSEM Data: Interpretation of Anisotropic Resistivity

Tashi Tshering* (PGS), A. McKay (PGS), O. Hallanger & A. Bhuiyan (formerly PGS)

16:30 CAPITAL SUITE 7

Exploration Potential in an enigmatic pre-Triassic sub-basin in the Norwegian-Danish Basin

Verena Lampart* (PGS), S. Baer (PGS) & J. Beenfeldt (PGS)

WEDNESDAY 18TH OCTOBER 2017

09:00-13:30 EXHIBITION HALL (POSTER)

New insights from a regional and reservoir level interpretation in the mature Central North Sea (CNS)

Stefano Patruno* (PGS)

14:30 CAPITAL SUITE 9/10

Broadband seismic - what are the benefits and pitfalls for E&P geoscience workflows

Cyrille Reiser* (PGS) & T. Bird (PGS)

14:50 CAPITAL SUITE 9/10

Near Field Potential in the North Sea Viking Graben – Derisking Injectites using Broadband Dual-Sensor Seismic Data

Laurent Feuilleaubeis* (PGS), N. Pernin (PGS), V. Charoing (PGS) & C. Reiser (PGS)

15:45 CAPITAL SUITE 17

New insights into the Dangerous Grounds microcontinent, Malaysia

Jenny Greenhalgh* (PGS), J. McArdle & T. Choi (PGS)
